The Gothenburg Youth Games (Världssungdomsspelen in Swedish) has been held every year since 1996. Today it is the largest annual Track & Field Meet in Scandinavia. 3.500 athletes from 375 different clubs (spanning over 20 nations) makes more than 8.000 starts over three actionpacked days.

The Ullevi Arena has a superfast Mondo Surface that has produced several world records over the years. The records set in 1995 in both men and women triple jumps are still unchallenged.

Please take some time to view the results (at www.vuspel.se) from previous years and you will see that we provide an outstanding meet for an international tour in terms of the level of results. Foreign guests frequently mention the quality of the competition and high standard of officiating.

Göteborg is also a perfect summer city with lots of things to do when you´re not competing. The beautiful archipelago and the amusement park Liseberg are in themselves spectacular visits during your stay.
